CHESTY'S MEN REPORT SOON

Joe Corrigan is Lying Low—The Schedule Will be Sent Out Very Shortly—Roster of Lethbridge Team.

Lethbridge, Alta., April 13.—President Ebbesen announced today that in all probability the schedule of the Western Canada League will be completed and released simultaneously to all papers at the end of the, or the beginning of next week. Rigid restrictions will be placed upon the date of publication so that all papers interested may print at the same time. The delay has been occasioned by the non-arrival of the Winnipeg draft, which, however, it is understood is now on its way to the president's office.

Joe Corrigan may not be seen in the central gathering for the Lethbridge baseball club. He has ignored all communications of late sent him by Manager Cox, and has likely gone to play with his brother Jack who is managing Rochester, Minn. Lethbridge, however, has a right to his services, and will push their claim through the national agreement. Joe is taking a long chance and if he goes with any other club he will likely be blacklisted. He will undoubtedly take cover under an assumed name, if this assumption be true, but the probability is that he will be found out.

On Saturday, Chesty Cox had transportation sent to all his players, with a notice to report here immediately. They are located far and near.

Those who were summoned are: Catcher, Lynch; pitchers, Lezie, Hart, Poh; first base, O'Hare; second base, Mackinnon; third base, Head; left field, Grogan; centre field, Joe Corrigan; utility, Duffie.

No expensive training trip will be indulged in. It is thought that the players will have ample time to get into form right here, if the ideal weather of the past couple of weeks holds good.

LOHR GETS BUSY

Winnipeg, April 13.—Manager Lohr received the signed contracts of two good men this morning. The two men are Free and Prendergast, both of Sons City team in the Western League. Free is a shortstop and is highly recommended for his hitting power, and his speedy fielding. He is a good thrower and covers a lot of territory. Prendergast is stated to be a wonder at the bat, and his throwing arm is a dandy. It is in batting that the Maroons were weak last year, and the weak points are now being braced up. The club with some good pitchers should make a big noise this season.

Kruger sent in his contract on Saturday to Manager Lohr and the team is practically complete now.

A KEEPER FOR JACK JOHNSON

Gleason is Worrying About Lil Artha and Jack McKee's Will Take Champion to Frisco.

New York, April 14.—The course of big things pugilistic took its way rapidly westward today with Jack Gleason, one of the Jeffries-Johnson fight promoters, en route to San Francisco, and John McKee, who has been representing the Gleason-Rickard interests, here, on his way to Chicago.

McKee's trip has special interest just at this time. He will stay in Chicago until next Friday, and the fight enthusiasts say, won't make his way further west, except in Jack Johnson's company. Uneasiness on Tex Rickard's part regarding Johnson's plans is responsible for McKee's trip to the far west with Johnson in tow. The New York agent has been instructed not to leave Chicago for the coast without being sure that Johnson is on the same train. Gleason, before leaving, expressed himself as personally confident on this point.

"There is no occasion for worry over Johnson," assured Gleason. "Rickard has only conducted one big fight, the Gans-Nelson battle at Goldfield, and he may be a trifle restless. Johnson has assured me that he will begin training near San Francisco before May 1, and I believe him."

FOOT RACES AT THE EXHIBITION

The Directors are Considering the Question of Offering Prizes for Sprints and Distance Runs.

The Edmonton exhibition directors are considering the question of putting on a number of foot races at the fair this August.

Owing to the growth of athletics in this city, and the increased number of clubs, the directors feel that a series of races would be a popular feature.

At Toronto exhibition, the foot races were very successful, and the handsome prizes given for the different events, attract the very best runners in the Queen City.

In the course of a conversation with Manager A. G. Harrison, the Capital learned that the directors would be only too glad to offer prizes for foot races. The events could be held off during the intervals that ensue between the different heats of the trotting races and would serve to relieve the monotony of the long waits. "This matter will be looked into by the committee on prizes of the board."

The Wanderers are beginning to grow anxious regarding the Stanley Cup. Though they won it on March 31st, the historic piece of silverware has not arrived in Montreal yet. The Ottawa club says the cup is in the hands of the silver-smith. (Not uncle, we'll hope.)

MCGRAW DOESN'T WANT McLEAN

New York Manager Figures he has Enough "Bugs" on his Team Without Adding Red Catcher.

New York, April 12.—"I've got bugs enough already on the team," exclaimed John J. McGraw, manager of the New York National league baseball aggregation, recently, "without bringing McLean, the catcher recently disciplined by the Cincinnati club, to the metropolis. And every one present when the manager made the statement agreed with him. His exclamation was caused by the receiving of a telegram from Clarke Griffith, manager of the Cincinnati team, offering to trade McLean for Murray."

Kling May Stay Out. Kansas City, Mo., April 14.—John Kling may not play with the Cubs this year after all. He is taking an active part in the reorganization of the inter-city league, of which he was a playing manager last year, and it is announced that he will run the team against this season.

"HE WILL WIN IF HE DOESN'T TIRE"

Jim Corbett Says That the Only Way Jeff Can Lose is by Getting Tired Chasing Smoke Round the Ring.

New York, April 14.—"Jim, give me some solid facts about these two big fellows, will you?" said a reporter to Jim J. Corbett last night.

"Straight facts you want, eh?" quoth "Jim." "Well, my opinion is that there is only one possible chance for Jeff to lose the big mill, and that is in case the fight should go a great many rounds. Jeff may beat himself; that is, he may work himself out chasing around the ring after the big black. But you can take it from me that Johnson will never put Jeff out from a punch. I don't believe he could knock Jeff down even if he had a horse shoe in his mule because I've been there myself, and I know, take it from me."

"Why, when Jeffries lets loose that big right arm Johnson will think he is looking at the starry heavens. Jeffries is naturally left-handed, but he can hit as hard with either hand, as Johnson can hit with both. Besides being the hardest hitter that ever donned the gloves, Jeffries is a sure and crafty fighter. He's there on both the aggressive and defensive tactics. Johnson's defensive work is good, but his aggressive work is bad, very bad. Say, boy, did you ever see Johnson in the ring? Well, he's as flat-footed as a duck, and I am afraid there is a big yellow streak in his make-up."

"How long do you think the colored champion will last?" was asked, and say, folks, you should have seen the look that came over Corbett's face. He heaved savagely on the end of his perfect, as he replied:

"Now, don't you make me sore by saying 'colored champion.' Jeff is the champ, and he will be until he dies. As to how long Lil Artha will last, I should say he will last until he stops the first good punch, and then good night to him. I don't say I'm looking for that punch to happen along before the fifth or sixth round. If Johnson isn't down inside that time he will wish he had never seen a boxing glove."

"I'm going to do everything in my power to help Jeff. You see, I know Johnson's style of boxing, and I am going to box just as Johnson will. That will help Jeff a whole lot, you know."

"I am not getting paid for training Jeffries. Of course, I will have my expenses paid, but outside of that all that I can do will be just out of friendship for Jeffries, and, besides, I don't want to hear the people say 'We have a colored champion.'"

"No, there isn't a doubt in my mind but that Jeff will hand out the right article and without losing any time, at that. There's going to be something doing, as long as it lasts, because, you know, there is no love lost between those two big fellows."

"You don't think Jeff will be too slow for Johnson, do you?" was asked.

"Well, not if I can help it," replied Corbett. "That where I come in, I am taking this 'westward journey' for that sole purpose. You know, I was considered one of the fastest, and, although Johnson's style is entirely different from that which I used, I think I can box enough like him to make it easy for Jeff. The victor of that battle will deserve all he earns, and I guess you know who will hold the title, don't you, eh, boy?"

MORE RECORDS ARE BROKEN

George Robertson Reels Off Ten Miles in 6:36, a World's Record—Seven Minutes Lapped Off Fifty Mile Racer.

Playa del Rey, Cal., April 14.—One world's record and one American speedway stock car mark were the extent of the record-breaking on the motorcycle yesterday. George Robertson in the Simplex, and Calhaz in the Fiat '10, in the ten-mile free-for-all reeled off many miles under the forty second mark and completed the ten miles in 6:36, a new world's record. The Simplex won by a hundred feet. For seven miles the cars were lapped, it being difficult to tell which led at the wire for the first five miles.

In record trials not a record was broken. Official came within 9-10 of a second of beating De Palma's record of Sunday.

A national speedway record was established by Endicott in the 50-mile race for stock classes measuring 161-234 cubic inches piston displacement. The fifty miles were made in 43-39-6. The former record was made at Atlanta, 30:62.

NORWOOD MEETS TONIGHT

The Norwood Athletic Club will hold a meeting in the Old Fellows' Hall, Norwood, tomorrow night at 8 o'clock. Some important business will be taken up.

BOBBY KERR WANTS TO RETIRE

The Auburn Hired Sprinter Says He Will Put Away his Running Togs and Devote his Time to Coaching.

Hamilton, April 14.—When the sprinters line up for the British championships at Stamford Bridge, this summer in all probability Bobby Kerr will not be among the number. The crack auburn-hired sprinter who breasted the tape in the 220 at the Olympic games in 1908, leaving Cloughen and Carmichael, the United States champion, in his tracks, announced yesterday afternoon that he would not go to England to compete for the championships.

His decision came as a surprise to the sporting fraternity of Hamilton. For some time past a movement has been under way to raise sufficient funds to send Kerr to England, but he declared that if he could again carry off the Canadian championship he would put his running togs on the shelf, and devote his time to coaching a local athletic team.

KETCHELL IS A JOY RIDER

While Speeding in Harlem, Stanley Gets Arrested for Neglecting to Have a Number on his Auto.

New York, April 13.—While speeding Harlem-wand, Stanley Ketchell, middle-weight champion of the world, and Wilson Mizner, who was married and divorced from the widow of Chas. T. Yerkes, were arrested yesterday because their car bore no registry number. The machine is Ketchell's and he explained that he had a California number, but had lost it.

At the police station Mizner gave bail for the lighter, and after affixing a hastily improvised pastboard number to the machine they went on their way.

Wagners Lumped

Hot Springs, Ark., April 13.—A heavy rain swept over the valley and prevented practice of the world's champions. Some one bought Wagner a book on "How to Bat," and sent it him by messenger. The big fellow took it good-naturedly and appears to be the least worried of any over his slump in batting on the training trip. For the past sixteen times at bat the Flying Dutchman has not had anything that looked like a hit.

THE BIG DAY IN THE STATES

The Mayor Leagues Got Off to a Good Start—Where the Teams Are Playing.

Well, today is the day when the great American public takes an afternoon off and likes for the ball park. This is the day when innumerable grandmothers are buried by legions of office boys; when Mr. So and So informs his employees that he will not be back after lunch, as he has to meet a man on business, and then employer and employees run into one another at the ball park.

Today, hawks are playing, speeches are being made, prominent citizens are throwing over first balls, and all the pomp and glory which goes with a major league baseball opening, is being rigorously adhered to by our neighbors to the south. The players, in new uniforms, march and counter-march on the diamond, and lusty shouts arise from the leather-throated fans, who have looked forward all winter, to this identical moment.

Now we shall see how the dope, emanating from the training camps works out. The manager, who has been saying all winter: "I'll win the pennant for dear old Oshkosh," will have to make good or take abuse from the very newspapers who only a few weeks before were singing his praises.

In the National League, the Chicago Cubs, under the leadership of the new manager, Frank Chance, opens at Cincinnati. Griffiths has been claiming great things for his rejuvenated Reds, and a number of close students of the game, among them our own Fred Whitford, have picked Cincy as pennant winners.

Pittsburg, world's champions, play Roger Bresnahan's St. Louis Browns at the latter city, and today will likely be a sad opening day for the Germans.

Muggsy McGraw's Giants tackle the Boston Doves in the City of Culture, and as John J. Mathewson will occupy the mound, the New Yorkers should win, pulled up.

Brooklyn plays at Philadelphia and as both teams seem fated for the second division, it is hard to pick a winner. The Philadelphia club's new manager, Fogel, is making great efforts to start the season with a win.

The American League. In San Johnson's tidy circuit, St. Louis visits Mr. Coniskey's White Sox, who are a poor shore to start the season. Their training trip to California seems chiefly famed for the number of the regulars injured. Sullivan was left on the coast with blood poisoning, and Blackburn and Zeiler are also in poor shape.

Cleveland and Detroit clash at the latter city and the game should prove a hammer. The Naps have taken a new lease of life and the end of the season promises to find them very much in the hunt. On the other hand, the Tigers have not been going very well on their spring trip, the absence of Ty Cobb having had a lot to do with their non-success.

The Philadelphia Athletics meet Jimmy McAlle's Senators at the capital, and will probably inflict the usual defeat. The Athletics are picked by many critics to win the American League flag though in our opinion they will have to go some to nose out the Boston speed boys and the Naps.

At New York, the Highlanders and the Boston Americans will delight the Gothamites.

And very, very soon, the greatest league of them all, the Western Canada, will get down to business and the bit will commence carrying its immense crowd of fans. For this year is going to be a banner one in the annals of Edmonton baseball, and Manager Deacon White has all the faithful behind him.

The umpires for the league this year are compelled by a new rule, to announce to the fans any change in players during the game. He cannot stand with his hands glued to his flanks and rooted to the spot behind the catcher or near the pitcher's box, but on a base decision must close himself to a spot convenient for a close view. It is a good thing some of last year's mps are now "hax beens" or a short run like that would dislocate a joint.

CALGARY FOR CHIPMAN CUP

This Lacrosse Cup is at Present Held by Regina, but the Cowpunchers Have Designs on it.

Calgary, April 13.—At an informal meeting between Dr. Hicks, Joe Moir, vice president and Allan McDowell, manager of the Calgary lacrosse club, it was decided to make arrangements for the locals to challenge for the C. C. Chipman lacrosse trophy.

This trophy is not very well known amongst lacrosse players except those in close touch with the affairs. This silverware is an international championship for amateur lacrosse teams and was presented by C. C. Chipman, commissioner of the Hudson's Bay Co. Winnipeg. This handsome piece of silverware stands four feet high and is one of the best trophies for competition among the sporting clubs in Canada and the States. At present Regina is the holder of this championship.

The games have usually been played between Winnipeg, St. Paul and Regina. Regina won it two years ago and there was no challenge last season.

Jimmy Sheekard, of the Cubs, has invented a new trick called the spiral rickety. It is made of which hand and ginger ale with a hickory nut and some ice in the glass.

CARNEY GETS FOUR BEAVERS

Brown Turns Over Tallant, Clynes, Flannigan and Smith to Calgary—Their Averages.

Vancouver, B. C., April 13.—The games which have been contemplated between Calgary and the Beavers, have been cancelled owing to arrangements late yesterday for the departure of the Vancouver team for practice at North Yakima, Wash.

But Calgary is fortunate in another way. Manager Brown has sold to the Alberta team, with the option of repurchase, the following four players: Outfielders Tallant and Jack Clynes, Catcher Jim Flannigan and third baseman Wally Smith.

Of these, the only one known to Calgary is Smith. Tallant is a promising youngster from Stanford University team. Clynes was well known as the left fielder with Spokane two years ago, while Jim Flannigan was tried out with the Beavers at the close of last season and made good.

The dope book for last year contains the records of three of the players, but as the college record is not given Tallant's performances are not known. Here are the others:

Smith, 3b.—Batting, .202; fielding, .950.
Clynes, 1b.—Batting, .230; fielding, .943.
Flannigan, c.—Batting, .234; fielding, .882.

CHINK IS A STAR PLAYER

Mun Yin Chung, of Yale, is a Hot Candidate for the Varsity Nine—Is also an Oarsman.

New Haven, Conn., April 12.—Mun Yin Chung of Honolulu is a promising candidate for the Yale freshman baseball team. The Chinese has surprised the coaches with his ability to handle the bat. He has no apparent difficulty in hitting the best pitchers in the squad, and his hits are generally hot liners which look like the work of an expert. Daniel M. Chung is another athletic candidate at Yale. He is one of the best oarsmen on the freshman crew squad. His father, a member of the Chinese legation at Washington, was in the class of '88 at Yale.

The Calgary team plays at Seattle this week end and then travel to Spokane, where they will play two games, arriving in Calgary, on April 25.

SOLD FAKE TICKETS IN N.Y.C.

New York Sports, Who Consider Themselves as Wise, Fall For Bogus Fight Post-boards.

New York, April 13.—A gang of slick confidence men is working Broadway and the sporting resorts selling "tickets of admission" to the great event in which the Jeffries-Johnson fight will take place next Independence day. It is said that this gang has disposed of hundreds of tickets at prices ranging all the way from \$10 to \$100, and also has sold transportation between New York and Frisco.

These tickets are worthless and the gang is believed to have cleaned up a large sum during the few days it has been at work. There are some genuine tickets for sale, and expensive arrangements for luxurious transportation to the Golden City can be made through the Gleason-Rickard interests and their representatives. But most of the tickets which quidnoses and unsuspicious "sports" have sunk their money in about the Night-Light Alley will prove to be worth no more than the paper they are printed on.

The tip went along the line yesterday to beware of the smooth-spoken well-dressed chap with a breezy, Western manner, who will approach one with the proposition to sell admission and transportation to the fight. Sometimes he is the "duly accredited representative" of somebody or other who has something or other to do with the fight, and then again he is a "gentleman in distress," who because he cannot get away in July, having to go to Europe or some other confounded place, would like to dispose of the ticket and transportation he brought with him from Frisco. The corridors of the Broadway hotels and the cafes and restaurants have also been visited by this party.

NO CHANCE, HERALDIE

A merchant tailor in Edmonton offers a suit of clothes to the leading batsman on the Deacon's team for the season. It is a good thing they specified that the chances were only with the local team or a Calgary man would have been compelled to accept a gift from Edmonton—Calgary Herald.

COOPER PARDONED

Not Much Object in Convicting a Man in Tennessee.

Nashville, Tenn., April 14.—While the Supreme Court of Tennessee yesterday was confirming the conviction of Col. Duncan B. Cooper for slaying on November 9th, 1908, in a Nashville street, Former U. S. Senator Carmack, Governor Patterson granted a full pardon for defendant and declared that in his belief Col. Cooper was not guilty. The Supreme Court remanded for trial the case of Robin Cooper, convicted of the same crime as his father. The situation is tense because of the allegations by friends of Carmack that politics entered into the case. It is probable that Robin Cooper will never be reprieved, it is said. Both Coopers had been sentenced to twenty years.

EMBARGO PUT ON BARGAIN HUNTERS

New Custom Regulations Affect Excursionists Coming From Seattle to This Country.

Seattle, April 14.—Travellers will no longer be permitted to buy clothes in Canada and wear them into the United States without paying the duty. The federal government is placing an embargo on foreign-made goods, and hereafter anything in the matter of personal effects of greater value than a few pair of socks, a few shirts and neckties, and some pieces of apparel will be taxed.

The custom law says that personal property to the amount of \$100 may be entered through any port without duty. Now the rule is set down that this shall be interpreted to read: "Not more than \$10 in new foreign-made goods." Thus excursionists into the Dominion may bring back \$10 worth of clothes they took out and \$10 worth of apparel purchased during their visit, but no more.

Many persons living within easy reach of the international boundary have been going into Canada and replenishing their wardrobes, as clothing is much cheaper across the line than in the States. Trunks and suitcases journeyed outbound light and came back heavy laden to the amount of at least \$100 worth of new goods. Hereafter customs inspectors will aim to make a distinction between tourist and excursionist travellers.

7,000 Miles in 16 Days.

London, April 14.—If the steamer Lusitania, on her way for New York today, should reach her berth on Thursday, according to schedule, John Q. Ross of Muskegon, Mich., will have succeeded in travelling 7,000 miles in sixteen days.

Russ left Muskegon March 29th on two hours' notice. At Grand Rapids he caught a fast train for New York and sailed on the Lusitania next day. During his four-day stay in London he grabbed a bunch of machinery contracts and caught the Lusitania on her return trip.

By something of a real effort he achieved an unusual record of making the employees of a large London firm work night and day like himself.

PATRONS NEARLY KILLED

Pool-Room Employees Took Desperate Means to Destroy Evidence.

New York, April 14.—Two hundred poolroom players were nearly suffocated in a house on City Hall place by the efforts of the roomkeepers to destroy racing sheets and other evidence of play when the place was raided by the police yesterday afternoon. As soon as the proprietors heard the sound of axes at the doors they threw all the papers into a big sheet iron can kept for emergency, poured kerosene oil over the heap and threw a lighted match on top. The fire, partly hidden from the players by a low wooden partition, blazed fiercely, emitting volumes of suffocating smoke.

Terrified at the thought of being trapped in a fire, the crowd fought and hammered at the door while plain clothes men, who were among them to get evidence tried in vain to restore order by a display of their revolvers. A rush of fresh air from the street when the door was broken down and the sight of the police uniforms quieted the panic.

Six men, said to be the proprietors and employees, were arrested. The others went free.

Theft Syndicate Found

Kansas City, April 14.—Ten switchmen, employed by the Kansas City Southern, were arrested Saturday, charged with operating a syndicate engaged in stealing goods in transit over the company's lines. Between \$10,000 and \$20,000 is said to have been taken within the last two years. Clothing, dress goods, firearms, liquor, cigars, shoes, foodstuffs and even lawn mowers are included in the list of articles taken.

REVIVAL IN HORSE RACING

The recent defeat of the Miller anti-betting bill in parliament has been enthusiastically greeted by horsemen. The owners declare that there will be larger fields on the Canadian circuit this year, than ever before. Many of the smaller stables, realizing that the game about New York will be very hard on account of the fact that the large owners now go after the small purses in order to meet expenses, will ship direct to Canada following the Aqueduct meeting.

REVEREND PEER VISITS AMERICA

Late Lord Salisbury's Son Travelling in Interests of New Chinese University.

London, April 14.—Lord William Gascoigne-Cecil, rector of Hatfield, and son of the late Lord Salisbury, the famous Conservative premier, sails for America early this month. He is the moving spirit in the university movement to establish a big university at Hankow, China. His object in undertaking the American tour is to enlist the support of the college men of the United States in his scheme.

The scheme has gained a remarkable following in Europe. At the Protestant bodies, all the universities, some Roman Catholic teachers, lord mayors and notables of every section of activity have subscribed or otherwise shown their interest. Sir Robert Hart, the greatest authority on China, in the western world, has given on the scheme his blessing, and many European governments have notified the promoters of their approval. The Chinese government is not giving encouragement, but is not hostile.

The lord mayor of London, presided at a meeting in the Mansion House at which \$15,000 in subscriptions were announced. Cabinet ministers, archbishops, diplomats and heads of all religious denominations were there. Lord Hugh Cecil, another member of the famous family, expressed the objects neatly in commenting upon the statement that "but for Christianity the world would never have had the magazine rifle and the lydit shell." He drew a terrifying picture of the immense Chinese nation, absorbing western materials—incidentally the magazine rifles and the lydit shells—without the restraining influences of Christianity.

For the staff of the new college, it is intended to come largely to the American universities. Lord William Cecil has travelled through China with the object of investigating the conditions. He will report to the American students who would like to enter the movement and later on the proposals will be discussed at the International missionary conference at Edinburgh in the summer.

Led by Spirit or Spirits?

Saint Rienne, France, April 14.—A workman named Duplanil, who was armed with two revolvers and a knife and declared that he wished to kill Premier Briand, was arrested yesterday as he tried to force his way into the hotel where the premier is staying.

Duplanil is believed to have been crazed by drink. Following his detention, he said he was haunted by spirits which urged him to slay Briand.

The premier is continuing in this district the electoral campaign which he opened at St. Chamond Sunday, until he encountered unfriendly demonstrations by anarchists and revolutionary groups. Duplanil, it was learned, has been following M. Briand since Sunday.

NIGHT TELEGRAMS

May be Sent to the Extent of Fifty Words in the Future.

The different telegraph companies bring into effect tonight the arrangement by which it is possible to send night messages of fifty words for the price of a ten-word day message. They will be accepted till midnight. At destination the message is sent through the post-office instead of by carrier boy.

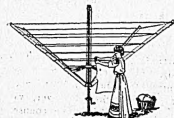

A Druggist's Sudden Death.

Toronto, April 14.—Robt. S. Laven, aged forty, druggist, of Orillia, died suddenly yesterday from a blood clot on the brain.

Will Accept Liability.

Chicago, April 14.—Setting an example to other corporations and manufacturing concerns throughout the country, the International Harvester Company will put into effect May 1st a voluntary liability agreement with its employees, whereby it shall assume without any legal formality the liability for any accident to an employee while in the course of duty, in any of the plants of the company. This will affect 25,000 employees. The purpose of the plan is to insure to employees at the trivine and steel and hammer mills and at the mines, prompt and adequate compensation for injury occurring to them while in the performance of their duties; also provide compensation to the relatives dependant upon any employee, whose death results from such accident.

REGINA COLLEGE OFFICERS

Board of Governors of New Methodist College Elects Officers.

Regina, Sask., April 14.—The first meeting of the board of governors appointed by the special committee of the Methodist Conference for the new Methodist college in Regina was held today, when the following officers were appointed: President, Geo. Brown, Regina; first vice-president, B. P. Richardson, Grenfell; second vice-president, F. N. Drake, Regina; third vice-president, H. H. Grayson, Moose Jaw; secretary, D. J. Thom, Regina; treasurer, Mr. Justice Brown, Regina; solicitor, J. A. Cross, Regina.

The following additional governors were appointed: Vincent Massey, Toronto, representing Massey estate; F. N. Drake, Regina; J. H. Grayson, Moose Jaw; Dr. Singleton, Regina; Rev. Hugh Dobson, Grenfell; Rev. O. Darwin, Regina; Miles McKay, Oxbow; John Spicer, Saskatchewan.

Committees were appointed for the purpose of taking steps to secure suitable site and principal.

SIX FIREMEN WERE BURNED TO DEATH

Their Bodies Were Found Alongside the Nozzles of Their Hose Lines.

New Haven, Conn., April 14.—Six New Haven firemen were burned to death and a score seriously injured in a fire which yesterday partially destroyed the county jail and destroyed the adjoining factory of the New England Chair company, in which fifty convicts were employed.

When the fire broke out there were 280 prisoners in the jail. They were greatly excited by the noise and smoke of a small boiler spread the flames to the jail.

The prisoners were then marched out on the lawn and so carefully guarded that not one escaped. Under escort of a detachment of militia they were transferred in patrol wagons to the city prison.

Control of the fire was secured at one o'clock after a damage of \$175,000 had been sustained. The bodies of six missing firemen were found

alongside the nozzles of their hose lines, where they had fallen after the explosion. The dead are: Capt. C. L. Chapman, Lieut. Wm. J. Doherty, and Hosemen John Buckley, Jas. T. Cullen, James Ortel, and Thos. J. McGrath.

The explosion also seriously injured Captain O'Neill and firemen Vaughan, Duffy, Brady and Chapman.

—His Leg Broken.

Acme, April 13.—A very painful accident happened to Mr. Jesse Gouge, an implement dealer of Acme, formerly of Calgary, last week. Mr. Gouge was engaged putting steel iron on his new implement warehouse when the scaffolding on which he was standing collapsed and he fell a distance of ten or twelve feet. He struck on a wagon seat and sustained a compound fracture of his leg, both bones being broken and splintered a short distance above the ankle.

Farmer Killed by Lightning.

Rush Lake, Sask., April 14.—Henry Pauls, a farmer living in the district north of this town, was struck and instantly killed by lightning while working in a field during a severe electrical storm.

AT THE EMPIRE

If you have any curiosity at all, regarding the manner in which a cremation is conducted, and especially how it is performed along the banks of the mighty Ganges, a visit to the Empire tonight will not be amiss, as one of the feature films secured by Manager Kyle for the balance of the week starting tonight, is an illustration of the methods pursued in that locality. This film is the more remarkable in that it involved a great deal of labor, time and expense to procure same, and is said to be a wonderfully distinct picture, every little detail being shown.

Duried alive is something dreadful to contemplate, and one has but to read or remember the details of the Cherry mine disaster, to get an idea of what suffering the emigrant people endured. There is another great picture and is considered to be in a class by itself for genuine photographic merit and all-round excellence.

The Pill Box is a comedy subject that is one continuous laugh producer. As the reel unfolds, the audience is held in uncontrollable mirth and only subsides when the last foot of film has passed through the machine.

GIVES UP TITLE, NOW LOWLY MONK

Cousin of Kaiser Gives Fortune to the Church and Enters a Monastery.

Frankfurt, Germany, April 14.—The Kaiser's cousin, Prince Frederick Henry of Prussia, eldest son of the late Prince Albrecht (son of of Brunswick), has embraced Roman Catholicism, has given his entire fortune to the Roman Catholic church, and has entered an Italian monastery as a monk.

Prince Frederick Henry has had a remarkable career. A few years ago he was exiled by the Kaiser, who ordered him never to return home. After wandering about in the southern countries he became sick at heart and sought consolation in the Roman church.

He gave up a life of pleasure for religion, and finally decided to become a monk. He has abandoned his real name and rank and is known in the monastery simply as Brother Henry.

The fortune which he has given to the Roman Catholic church in Italy is estimated at \$2,000,000 and will be devoted solely to charitable and humane purposes. Brother Henry lives a hard life. He inhabits a bare stone cell and sleeps on a plank bed. He rises at 5 o'clock in the morning and must scrub not only his own cell, but the long corridor outside of it, besides a long list of steps, working hard on his knees.

Many hours daily are spent in prayer and devotion. Other hours are devoted to manual labor in the monastery garden. It is altogether a strange contrast to the life of luxury and self-indulgence formerly lived by this scion of the house of Hohenzollern.

SLEEPING CAR RATES DOWN

United States Inter-State Commerce Commission Orders Reductions.

Washington, April 14.—The Interstate Commerce Commission in a decision yesterday holds it to be "just and unreasonable" for the Pullman Company to charge equally for upper and lower berths. Differential charges are ordered in several instances and Pullman rates from Chicago to the Pacific coast are ordered reduced.

While this ruling of the commission orders reductions in rates which were specifically complained of, it is recognized as the opening wedge for a readjustment of sleeping car rates wherever they exceed the average that the commission has found to be reasonable in these instances. The Pullman Company, it is said, will carry the decision to the courts.

The commission rules that the present rate of \$12 from St. Paul to the Pacific Coast was too high and ordered it reduced to \$10.

The present rate of \$12 for an upper berth was ordered reduced to \$8.50. A short night's journey, the commission holds, should not carry a rate of more than \$1.50 for a lower berth and \$1.50 for an upper. The rate of \$2, which the company has maintained from St. Paul to Fargo, N.D., 242 miles, is ordered reduced accordingly. The prevailing upper berth rate of \$1.50 is reduced to \$1.10 between St. Paul and points in Wisconsin. The upper berth rate between St. Paul and Grand Forks is reduced from \$2 to \$1.50. The prevailing rates are approved for lower berths.

W. L. WALSH SECURES

MINTY'S CONDUCT

(Continued from Page One)

"The help you anticipated from these would be with the government?"
"They were men of high business standing."
"You were not looking for them to put up money to build the road?"
"We had to have men of that kind in the company before we could interest others."
"How much money were they to put up?"
"As much as anybody else according to the amount they took in the syndicate."
Government Not Interested.

Messrs. Revillon, Morris, McDougall and Secord were mentioned as men whom it was sought to bring in, each to put in \$2,000. Mr. Cornwall said that Mr. McDougall had desired to have control of the company and because he had not been able to get that control he had blocked the scheme.

"What efforts did you make to secure provincial government aid?"
Mr. Cornwall said that Mr. McDougall, Mr. Morris, perhaps Mr. Gariepy and Messrs. Hawes and Falconer and himself had waited on the government. They had got no encouragement and that was the only effort they had ever made. As far as he could recollect this morning, Mr. Cornwall believed that they had met the Premier and the whole cabinet on the occasion of this visit.

"What you tried to get from the government of Alberta in January, 1907, was a bond guarantee not exceeding \$25,000 a mile?" asked Mr. Walsh, reading from a memorandum prepared at the time.

"I presume so."

"But you didn't get that?"
"No, we didn't get anything from the government and we did not get any local men to take an interest."

Mr. Walsh then questioned the witness as to his own personal standing with the government. In answer to a question Mr. Cornwall said that he thought his position with the government then was about as good as his position today.

"You are pretty strong with the government today?" Mr. Walsh suggested.

"I don't know about that."

"You are a supporter of the government?"

"A staunch supporter."

"Were you in January 1907?"

"Yes."

Good Government Supporter.

"On what terms were you with the individual members of the government then?"

"No better than today."

"On as good terms?"

"Perhaps not."

In answer to further questions Mr. Cornwall said that he perhaps did not know Mr. Rutherford as well then as now.

"You were a staunch supporter of his then?"

"I don't know whether he knew it I didn't tell him."

With Mr. Cushing, Mr. Cornwall said, he was about as well acquainted as with the Premier. He and Mr. Cushing had always been good friends. He had been associated with him in some investments.

Mr. Walsh produced a paper, dated April 22nd, 1907, signed by Mr. Cornwall, acknowledging that guarantee had not been secured and that all his rights under agreement of previous February were at an end.

"So in the meantime your paper for the sum of \$544,000 had vanished into thin air?"

"Was that the only effort you made to secure assistance?"

"If you don't consider thinking and trying to devise some means of securing assistance an effort, that was the only effort I made."

"Thinking was no effort to you," said Mr. Walsh pleasantly.

Mr. Walsh continued to press the witness as to whether he had sought to persuade individual members of the government.

Mr. Cornwall said that he had discussed with them the need of the railway and the need of a government guarantee in order to secure outside capital.

Mr. Cornwall said that he started educational process with the government as early as the government was formed.

"Was the legislative assembly in session during the time you met the executive council in 1907?"

"I do not know."

Dr. Martel's Female Pills

SEVENTEEN YEARS THE STANDARD

Prescribed and recommended for women's ailments. A scientifically prepared remedy of proven worth. The result from their use is quick and permanent. For sale at all drug stores.

"Why were you asked to sign acknowledgment of failure to secure aid?"

"Because I had failed there."

"Then you started in for fresh fields and pastures new?"

"I presume I did. I was on the job all the time."

Negotiations Were Continued.

"And a new agreement was entered into on April 23rd, 1907, with the syndicate?"

"Yes."

"To get a subsidy of \$3,200 a mile from either the Dominion or provincial government for 250 miles or more?"

"The making of this new agreement was on the day following the signing of the declaration of failure?"

"Yes."

"What efforts did you make to secure your shares under the second agreement?"

"I went down to Ottawa, but was unsuccessful there."

Under continued questioning from Mr. Walsh the witness said he had only a solicitor for his personal papers, etc., and he had also looked after the railroad papers. This was Mr. O. M. Biggar.

Mr. Cornwall was shown copy of a letter written by Minty on May 30th, 1907, and remembered receiving the original, but did not know where it was. This original, however, was on file in possession of the counsel for the Commission and was produced. The letter asked Cornwall to see Mr. Cushing or Mr. Stocks and see what railway policy the government had in mind at that time.

The reply to this letter was dated June 6th and as Mr. Cornwall was at Athabasca Landing he referred the matter to his solicitor, Mr. Biggar. However, he had put in a few of his own observations, one of which was that although the government could talk railroads and highways, by the time they came to finance a railroad they would be wiser than they were at that time.

Mr. Walsh pointed out that this letter was written after Cornwall had given up hope of provincial government aid, and Cornwall replied that he had never really given up all hope, that he always kept pegging away.

A letter from Mr. Faulkner, financial agent of Athabasca syndicate to Cornwall was also put in, dated January, 1907. This letter showed that Faulkner had seen Mr. Cushing in regard to financial aid but that Mr. Cushing had an idea that the road could be built too cheaply and that moreover he was in favor of provincial ownership. The opinion was expressed in the letter that Mr. Cushing was away out on his fingers as to the cost of a road and that Faulkner would get an engineer to make a full report and estimate of the cost of the road.

Another letter followed on January 3, 1907, enclosing Engineer Woodman's estimate of the cost of the road without equipment or terminals was about \$10,000 per mile and a telegram from Faulkner instructed Cornwall to ask for bond guarantee of \$15,000 per mile exclusive of subsidy.

In May, 1907, Cornwall went to Ottawa to try and get aid, but was unsuccessful and again turned toward the provincial government and saw Mr. Cushing in Montreal. He did not remember making another formal application for aid, but kept talking to all the members of the government he could whenever he could on the advantages and advisability of having a road into the north country.

The Commission adjourned until two o'clock.

Who Saw the Comet?

Ottawa, April 14.—At 4:05 o'clock yesterday morning R. M. Motherwell, of the Dominion Observatory, saw Halley's Comet, but owing to intense light of the sun it was not possible to see it plainly with the naked eye. He does not believe the comet will be seen plainly until the end of this month. He described as false the reports from Montreal and Belleville to the effect that the comet has been seen in these cities with the naked eye.

Russian Women Seek Rights

St. Petersburg, April 14.—The first Women's Rights association has been formed in Russia. Among the chief objects is agitation for the modification of Stolypin's land act for converting commune peasants into freehold farmers. The women ask to be enabled to join in the land purchase scheme and eventually become owners.

About Town

In the Y. M. C. A. baseball league last evening, the Kids defeated the Comets by 38 to 20.

The first race for the Cross Cup will take place on Saturday, April 30th. There are four races each year for this trophy.

There will be a practice of the Hibernian football club this evening, at the Exhibition Grounds at 7 o'clock. All members are expected to turn out.

The annual March on Tuesday evening, between Norwood and the Hibernians, resulted in a win for the former by a score of 30-0.

A few tickets for the Hospital Aid Dance to be held in the Separate School Hall next Tuesday evening may be secured at Archibald's and Simpson's Drug Stores.

The Aberdeen Association will meet this evening in the parlour of the Y. M. C. A. at 8:15. All those interested in the distribution of free literature to the mining and railway camps of Edmonton district are invited to attend.

Since H. N. Dodge opened up his new premises on Rice street, just a little over a month ago, the rush of business has been unprecedented. Mr. Dodge is now devoting his whole time to the wholesale end of the bread business and to catering for social functions of all kinds. Great success has attended his efforts along the latter line, and Mr. Dodge is now represented as the leading caterer of the city.

The site for the Molsons Bank is nearly ready and Messrs. Manson and Dunlop, who have the contract, will get to work on the building as quickly as possible.

All temperance sympathizers and election are especially invited to a meeting of great importance in the Methodist Church, Newwood, tonight, Thursday, at 8 p.m. This meeting is to discuss what drastic steps can be taken to prevent the possibility of an additional licensed house in North Edmonton.

"Fifty Dollars Fine for Spitting on the Sidewalk." Such is the text of a new little sign that made its appearance on a post at the corner of First street and Jasper avenue this morning. Another one is at the corner of McDougall and Jasper, and in a very little while similar signs will be placed all over the city.

Lunch and afternoon tea and sale of home cooking under the auspices of the First Baptist Church will be held at the Bon Marche, 106 Jasper West, one door west of Reed's Bazaar, from 10 a.m. till 10 p.m., Saturday, 16th inst. Ice cream and cake will be served in the evening. Don't miss this opportunity of securing something nice for Sunday.

Two more prizes have been received by the Edmonton Exhibition Association. Messrs. Thom and Webb are donating a prize of \$10 to be used for any branch of the dairy exhibits, and the Potter Marshall Company are offering \$10 as first prize and \$5 as second prize for the best vegetable exhibit grown from their own seeds. These prizes are not only to be presented this year, but will remain a continual offer from year to year.

At the Immigration Hall numbers of settlers are arriving every day and as soon as they arrive they are being played by the officials. The majority of immigrants are from families, but there are a few who are shoemakers, clerks, and city laborers. All nationalities are represented, but Americans and Scotch seem to be in the majority. Today eighteen people have registered so far, amongst them being a Norwegian family of seven who expect to go farming in the northwest.

The local C.P.R. telegraph office has received word of a welcome innovation. Coming into effect April 15th, a lettergram service will be inaugurated. The charge for a night lettergram of fifty words or less will be the regular day rate for 10 words, and one-fifth of this rate will be charged for each additional ten words or less. Lettergrams must be written in plain English, code or cipher prohibited. Lettergrams may be accepted prepaid or collect under usual regulations, but will not be transmitted before midnight.

The first Canadian Northern crop report of the season, issued in Winnipeg on Monday, says: "At a good many points the farmers are merely plowing the land cultivating the soil, deeming it wise to await a later date before putting seed in the ground. The report as shown above the ground. At Chipman, Alta., it is reported the seedling is ninety per cent. finished, while at Innisfree, Alta., and Aberdeen, Sask., the farmers are about half through with their seedling operations. At Edmonton and Fort Saskatchewan the seeders are being rushed up and down the big fields."

Trying to Buy Out MacLaren's. Ottawa, April 12.—An American syndicate has opened negotiations to purchase the big MacLaren Mills at Buckingham. The object is to run them on a larger scale and establish a fast shipping service to New York and other large American cities. The transfer would involve about \$2,000,000, as the MacLaren Company has large timber limits.

Ash Bros., Diamond Hall, Edmonton's largest Jewellery House.

Personal

Mrs. Edwards of Macleod will be a guest at Government House during her visit to Edmonton this week.

Mrs. Dan Davies and her daughters, who have been visiting in Ottawa for several months, are leaving shortly for Edmonton, where they will reside in future. Mr. Davies has already left for his future home—Ottawa Free Press.

THE CHILDREN'S AID

Many Cases Have Been Investigated by Society's Agent.

The regular monthly meeting of the Children's Aid Society was held yesterday afternoon in the Y.M.C.A. Mr. R. S. Webb, the agent of the society, reported that during the month he had investigated thirty-six cases concerning destitute and neglected children. Of this number nineteen were taken in charge by the society in the Children's Home, Cameron street. During the month sixteen children were placed in foster homes in the province. At the present time there are twenty children in the home.

A committee was appointed yesterday afternoon to report on the case of this condition of affairs and to consider the advisability of securing a room in convenient section of the city.

Contributions amounting to \$216 were reported by the treasurer. During the month the expenses for maintenance, repairs, and alterations amounted to \$409.

The employment agencies are still searching for men. Mr. Logan, of Logan's Agency, states that he will be able to use all the summer as many men as he can get. The demand for laborers and teamsters is very great; owing to the work on the main line of the G.T.P. being pushed forward so rapidly, but there is no vacancies for those who wish to work in town. Dining room girls are also required in large numbers.

News and Views of Sport

Fred Clarke says the New York Nationals have bought one of his patent diamond covers. "If I had the time to devote to pushing this contrivance, I could clean up \$100,000 in four years," adds the Pirate chief. Better take the time.

John Heydler, former president of the National league, is becoming an expert golfer, with a driver, a goose neck putter, a borrowed club, a paper club bag and a saucy sweater he did eighteen holes in 145 yesterday winter rules.

Curry seems to have got them all going for him, he has been from Leithbridge and Medicine Hat, asking for information regarding his trial. Few managers have ever kept the name of their bunch so secret and remained mum themselves so long, but he has a reason.

Larry's Way

"Do you like playing first any better than second?" Larry Lajoie was asked. "Yes, I like it. You see it is just this way, your contract demands that you play nine innings a day—so what's the difference where you play the nine?"

Budget of News from the City on the South Bank of the River

Miss Julia Stuart leaves for the Coast on Friday, where she will in future reside.

The Chief of Police has been instructed to issue a mandate forbidding the riding of bicycles on the sidewalk.

District Court will be held in the Basins Block today by Judge Taylor. Court was adjourned on Tuesday last.

All those interested in tennis are invited to the meeting in the Presbyterian Church on Saturday, 7:30 p.m. This is the annual meeting of the club.

The James Fay Concert Company will appear in the Assembly Hall of the school on Friday, April 22nd. Mr. Fay, the well-known comedian, will be supported by a strong company.

HILL WOULD GRAB COAST

Aims to Have Control When Panama Canal Opens.

RAILROAD MAGNATE'S SCHEME

Expects That he Will be Able to Control All Western American Freight.

Portland, Ore., April 14.—That James J. Hill purposes to have a railroad feeder from the interior to practically every seaport on the Pacific coast, north of an including San Francisco, with the intention after the Panama canal is completed of dominating the trade situation in Northern California, Oregon, Washington, British Columbia, Idaho, and Montana, is the belief of persons here who have made a study of the railroad situation of the north coast.

Supporting this contention, it is noted that contracts are to be let at once by the Oregon Trunk line for an extension of its line from Madras, its present terminus, to the north boundary of the Klamath Indian reservation. This takes the Oregon Trunk to no practical terminals and simply means that Klamath Falls is the immediate destination of the road.

Tenders for Sidewalk Construction

TENDERS for the construction of sidewalks for the season of 1910 will be received by the undersigned up to noon

Tuesday, April 19th, 1910. Specifications and forms of tender can be secured at the City Engineer's Office on McDougall Avenue. Tenders will be opened at 2 p.m. on the above date at the Commissioner's Office. The lowest or any tender not necessarily accepted.

The City Commissioners

The man rushed forward and shoved on the rifle that he carried for the sinking woman to grasp. She managed to reach it, and clung to it with desperation, but just as it appeared that she would be saved, the Indian felt his feet slipping, and fearing that he too would be drawn into the water and drowned, he released his hold on the rifle, and his wife and child were swept away under the ice by the current.
